

Costa Rica Veterinary Experience *Family Program*

In Costa Rica, Family Program participants can look forward to:

- **Experiencing the food, art, and culture** of Costa Rica, including visiting the Central Market and taking a dance lesson with a local instructor
- **Touring the sites** of San José including the Museo de Jade
- **Exploring the lush habitat** of Tortuga Island, including snorkeling
- **Taking a day trip to the La Paz Waterfall Gardens**, home to five waterfalls, hiking trails, and countless species of wildlife
- **Spending the day at Rescue Center Costa Rica** alongside their students, learning about how the veterinarians care for a wide variety of animals including toucans, spider monkeys, porcupines, and kinkajous
- **Taking in the breathtaking views at Mount Arenal**—a 5,358 ft high active volcano—and relaxing in the natural hot springs
